**PR2 RACING SHIPPING ADDRESS:**

PR2 Racing Technology - 169 Hannahstown Rd., Butler, PA 16002

SHIPPING & PACKAGING TIPS

BOXED

- ✓ Individually wrap each piece of suspension to prevent hitting against each other during shipment.
- ✓ Take up any empty space with some type of compressive material (peanuts, rags, crumpled paper)

GUN CASE

- ✓ Tape all latches and buckles down.
- ✓ Zip tie corners where holes are available.
- ✓ Encase gun case in cardboard (fees can be as high as \$40 when not covered)

IMPORTANT PACKING TIPS

- ✓ Place all necessary information (Work Order) in the box before closing.
- ✓ Remove Micro bleeders from Fork caps (they will break off)
- ✓ Remove Fork Guards (so we don't have to)
- ✓ Be sure that the suspension is as clean as possible (cleaning fee added if we need to wash it)

PR2 RACING SHIPPING ADDRESS

- ✓ ADDRESS: PR2 Racing Technology
